ACTIVITY PLANNING GUIDE

The need for healing and putting things back together again is felt around the globe. In addition to a virus, divisiveness is challenging individuals, families, circles of friends, and work teams. How can we bridge the gaps that have opened and how can we bring about healing?

This year's IDL will focus on what and how listening can contribute to bringing about the healing. We can be part of the medicine that can offer relief - for us and for those around us.
